

Our Little Sprouts❤️ 2025-26 school-year will begin the week of September 8!

All of our Preschool THREES❤️ spots are currently filled with sweet little folks who are moving up from our Family Programs, and **remaining openings for our Preschool FOURS❤️ are limited to just a few more spots.**

We are happy to continue to offer a 3-Half-Day model for our Four-Year-Old Preschoolers. Our Preschool programs are designed to be a natural extension of our Family programs, and our Fours to be a nurturing transition from our Threes. Our play-based curriculum is guided by the unique needs, interests and abilities of Four-Year-Olds, and by the wonders of the natural world. The children will be immersed in a daily balance of indoor and outdoor learning experiences in ALL types of weather, and all children will grow together as leaders, problem-solvers, risk-takers and care-takers in a supportive learning community.
